Introduction

Tipperary County Council Library Service now offers a specialist sensory toys and resources collection to assist children with special needs or learning difficulties. This collection allows Tipperary County Council Library Service to create an inclusive space where children have greater access to relevant services and collections that meet their needs.

The aim of the collection is to support children and their parents in choosing and utilising these specialist toys for the developmental growth of the children. These toys are designed to support the development of important skills including gross motor skills, fine motor skills, communication skills and visual perception skills.

With funding from the Department of Rural and Community Development the toys have been purchased with advice from professionals working with children with special needs or learning difficulties.

Tipperary County Council Library Service would like to thank those who gave us valuable advice and support in establishing this collection.

**For further details contact Library Headquarters
on 0761 06 6100.**

Conditions of Use

- The Sensory Toy and Resources Collection is available for lending to members of Tipperary County Council Library Service only.
- Membership is free.
- To borrow, users must have a letter of referral from an Occupational Therapist, Speech and Language Therapist, Physiotherapist, Medical Practitioner, Resource Teacher or other professional working with them.
- Teachers or Special Needs Assistants must supply a referral letter from their school principal to register to borrow on behalf of the school.
- Toys and resources should only be used on the advice of a designated professional.
- The loan period is three weeks.
- The loan period may be extended by renewing the item online, by phone or in person, unless it is requested by another person.
- Two items may be borrowed at a time.
- Children and adults using the toys and resources should be monitored at all times.
- It is the responsibility of the borrower to thoroughly sanitise the toys and resources before and after use.
- All toys and resources should be checked before being returned.
- In the interests of Health and Safety please inform staff if the toys or resources are incomplete or faulty.
- Library staff can assist users of this service but cannot make recommendations on equipment.
- Toys and resources may vary slightly from the photographs in this catalogue but will function in the same way.
- To ensure availability, please book the item you request in advance by phone or email.

Val-u-Band Latex Free Exercise Board

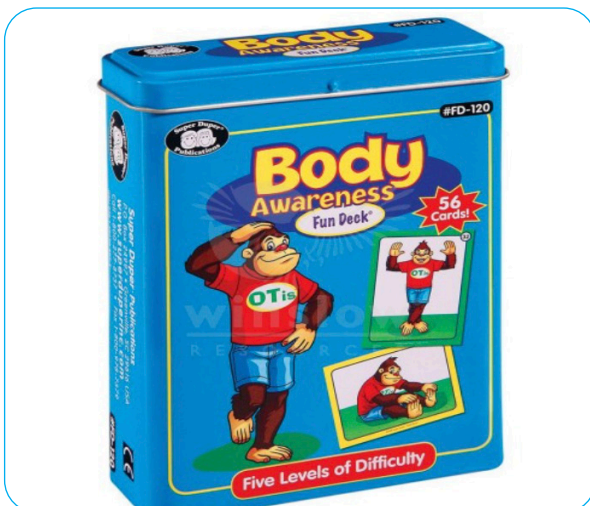

Available in levels of resistance from least to greatest resistance:

pear (0),
peach (1),
orange (2),
lime (3),
blueberry (4),
plum (5).

Use for rehabilitations, exercise and conditioning, stretching, balance training and cardio training.

VAL002

Body Awareness Fun Deck

Body Awareness Fun Deck includes 56 illustrated cards featuring Otis, the OT Gorilla, in different body positions.

Includes 56 illustrated cards featuring Otis, the OT Gorilla, in different body positions.

Children will enjoy working on body scheme, spatial awareness, and visual perceptual skills while imitating Otis.

Includes five levels of difficulty, each colour-coded for easy use.

FUN016

Body Sox

Designed specifically for spatial awareness and interaction through balance and resistance.

Experience your body in a new way with this Body Sock by increasing body awareness, strength and creativity. Body Sock also creates a protective and imaginative space.

Teachers use Body Sock to demonstrate concepts of shape, space and visual motor coordination.

Each pillowcase-like sack is constructed from four-way stretch Lycra® with a reinforced Velcro-closed entrance.

Colours vary

BOD001

The **x-small sock** is 86cm x 69cm and fits an average sized 3-year-old.

BOD004

The **small sock** is 102cm x 69cm and is typically for 3 - 5 years.

BOD003

The **medium sock** is 119cm x 69cm and is typically for 6 - 8 years.

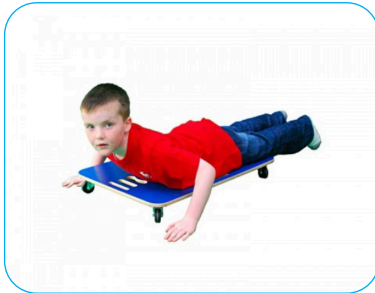

BOD002

The **large sock** is 142cm x 71cm and is typically for ages 9+ years.

BOD005

The **x-large sock** is for individuals up to 6ft.

Scooter Boards

SCO006

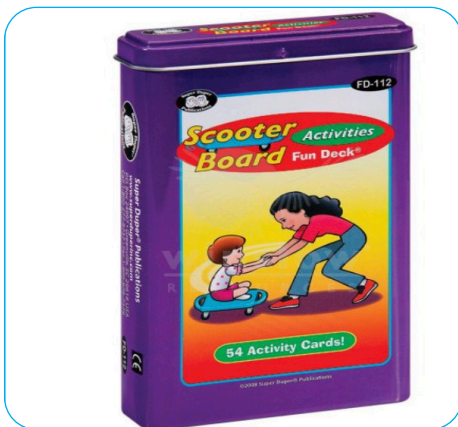

Scooter boards can be used to develop skills in the following areas - upper body and core strength, motor planning activities and as part of a sensory diet.

Use with the Fun Deck - Scooter Board Activities (code Fun015).

73 x 48 cm.

Handles on its short sides.

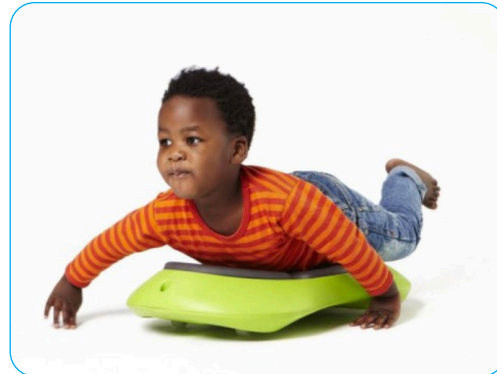

Fun Deck – Scooter Board Activities

FUN015

Contains 54 fun and creative scooter board activities which address a wide range of therapy goals. The activity cards are divided into three colour-coded categories: Supine (Back) Activities, Prone (Tummy) Activities, and Sitting and Kneeling Activities.

Floor Surfer – Scooter Board

FIO010

The Floor Surfer has been developed in partnership with children's physiotherapists to ensure safe use by any child irrespective of motor skills level.

Use with the Fun Deck - Scooter Board Activities (code Fun015).

56 x 37 x 14 cm

Fun Deck – Therapy Ball Activities

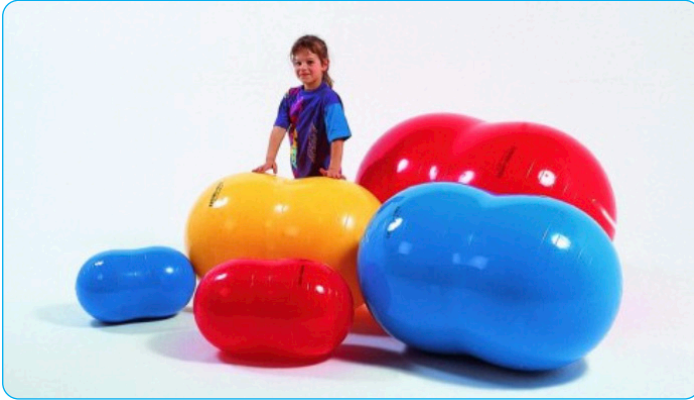

FUN039

Contains 60 fun and creative therapy ball activities which address a range of therapeutic goals including upper body and core strength, motor planning, visual perceptual skills, fine motor skills, and sensory input.

These cards are divided into four categories:

Sitting Activities, Prone (Tummy) Activities, Standing and Other Activities, and Stretching Exercises.

Peanut/Physio Roll

PEA002 Peanut/Physio Roll – (Red) diameter 40cm, length 65cm

PEA003 Peanut/Physio Roll – (Green) diameter 55cm, length 65cm

Designed to improve balance, gross motor skills and core strength, can also be beneficial for those with attention or movement needs.

Please make sure that the product is used on a surface free from any objects. In case of puncture the ball will burst.

Rody – Yellow with Rocking Base

ROD008

The Rody horse helps develop balance, movement skills and coordination. It helps improve and harmonise the child's trunk, legs and arms muscles.

This Yellow Rody comes with a rocking base which makes it more stable.

Rody Max

ROD002

Rody Max, which is dedicated to older children, is the large version of the Rody horse.

The Rody Max is a dynamic toy and a valuable psychomotor tool, which helps developing balance, coordination and movement skills.

Footprints (set of 6 pairs)

**FOO002**

These fun footprints can be laid out in a path to take children from one activity to another. Use them to teach colours and for memory games. 12 footprints in five colours.

8 x 3 in

Wippsider (Blue)

WIP001

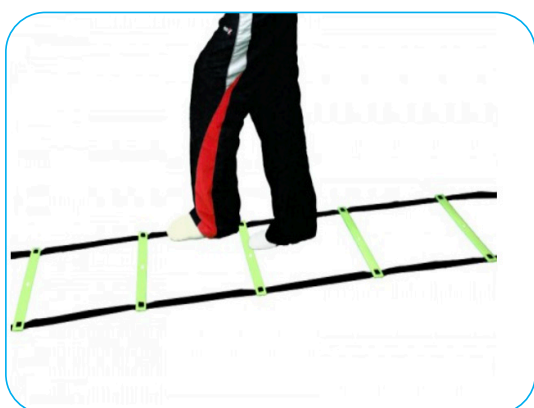

Wippsider offers a sensomotoric exercise system for balancing reactions and motor control.

An easy to use see-saw for developing a sense of balance.

9 x 52 x 12.5 cm

Agility Ladder

**AGI001**

The ladder is 4m long and 43cm wide with 10 joists.

Slat distance can be easily adjusted.
Comes complete with bag.

The agility ladder is designed to improve foot speed and co-ordination.

Crawl Tunnel

CRA009

Pop Up Tunnel

A 25 cm wide transparent PVC strip provides light in the tunnel

300 x 60 cm

Swoosh Ball

SWO001

It takes cooperation and coordination to operate the Swoosh ball.

Ball 20 x 13 cm

Handles: 11 x 8 cm

Rope 220 cm long

Balancing Board - Red

BAL001

Performing balance exercises on a balance board helps children with coordination problems.

Improvements have been seen in rhythm, auditory and visual processing, and motor coordination in children struggling with sensory challenges. It also has a ribbed surface to help prevent slipping.

40 x 9 cm

Activity Rings – Set of 6

ACT010

Activity Rings can be used as inspiration for countless activities such as dancing in a circle, walking on tiptoe in the rings, and balancing the rings on your head.

16.4 x 1.2 cm

See - Saw

SEE003

Pliable synthetic rubber domes on the underside of the seesaw provide a softer, more dynamic movement. The seesaw has a non-slip surface.

Size: 52 x 22 x 14 cm

Balancing Ball Set

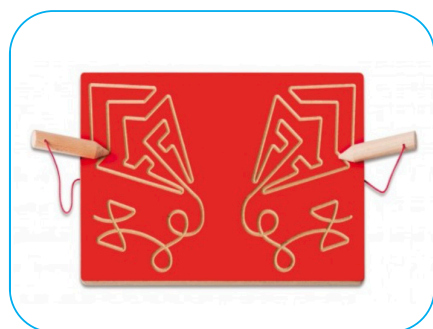

Balance the ball in the balance handles and move without allowing the ball to fall.

Develop coordination skills or allow older children to race or complete balance challenges.

Handle measures 30 cm, ball 6 cm

BAL037

Double Handed Tracking Board: Kite

Guide a wooden pencil along the pattern carved into this sturdy wooden board.

Promotes hand-eye coordination and handwriting skills. Suitable for right or left handed children.

Board size 30 x 21 cm

DOU005

Infinite Loop (Small)

Manipulate the track and keep the ball moving around it without it falling off.

13 x 11 x 2 in

INF002

Handprints (6 pairs)

HAN022

Particularly good as markers, targets, stepping stones and position markers both indoors and outdoors.

Easy to clean. Flexible.
Diameter: 22.5 cm

Hilltops

Hilltops develop children's ability to estimate distances and heights, along with better coordination, balance and motor planning in an imaginative, fun environment.

The set includes suggestions for games.

HIL001

Magnetic Wand and Chips

50 colourful transparent chips with metal rim.

Magnet wand 19.5 cm long;

Chips 3cm in diameter

MAG030

Bean Bag - Turtles – Set of 6

These bean bags are filled with special plastic pellets, providing better hand conformity and more tactile feel.

These small animals add fun to your throwing, handling, juggling, tossing and learning activities.

BEA017

Ducky Fishing Game

DUC007

Bath toy fishing pole. 6 plastic ducks and 2 solid wood poles (oak wood) with metal hooks.

Promotes early hand - eye co-ordination

Duck size 8 x 6.5 x 7 cm; Rod length 30 cm

Peanut/Physio Roll – 30cm (Blue)

Designed to improve balance, gross motor skills and core strength, can also be beneficial for those with attention or movement needs.

Please make sure that the product is used on a surface free from any objects. In case of puncture the ball will burst.

30 x 50 cm

PEA001

Pound and Roll

POU001

Playing with the Pound and Roll will help teach your toddler about colour matching and cause and effect, and will encourage the development of hand eye coordination.

28 x 28 x 8 cm

Tobbles Neo

TOB002

For sensory exploration, fine motor skills, coordination, visual spatial acuity. Dynamic play potential - stack, topple, spin, balance, wobble, tilt, wiggle, roll.

Number of Pieces: 6

11.75 x 4.5 x 8 in

Rainbow Maker Large 40cm

RAI008

Sensory toy full of sounds and visual effects. Recreates the soft sound of falling rain. Strong, durable and comfortable to hold.

Spin Again

SPI022

This visually stimulating toy will keep your little ones enthralled as they practice their hand-eye coordination and baby engineering skills!

Includes: 6 discs, a reversible wobble base, and a corkscrew pole

Flip Fingers

FLI003

Brightly coloured tubes with bells inside, which revolve at the slightest touch.

33 x 24 cm

Mirror Chimeabout

MIR001

Combines mirrors and small bells with gentle spinning motion – providing visual, auditory and tactile stimulation in one robust toy. Can help to develop fine motor skills including hand eye co-ordination.

23 x 20 cm

Mirror Marble Wheel

MIR004

This wheel will provide visual and auditory sensory input and will help develop fine motor skills.

25 x 20 x 5 cm

Sight and Sound Drum

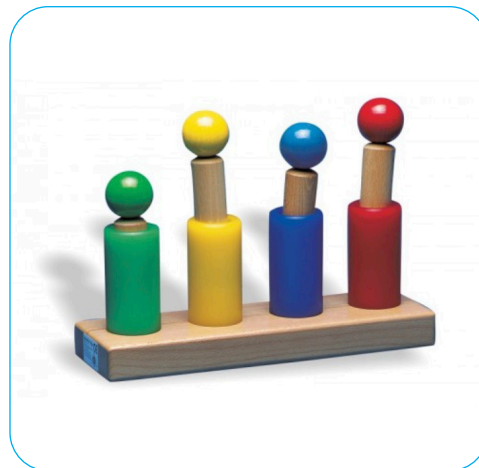

SIG004

Ideal for helping to develop fine and gross motor skills as well as listening and observation skills.

Base size 26 X 22 cm

Springy People

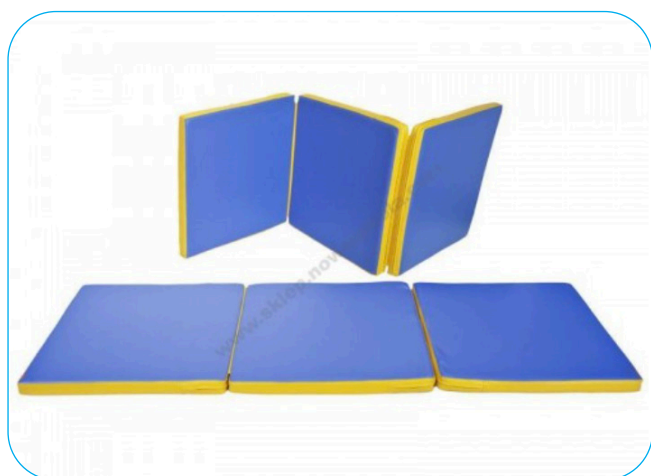

SPR002

This toy is solid and robust and a firm favourite with all children but, with a quick reward for a small effort, this toy is ideal for children with special needs.

30 x 10 x 21 cm

Folding Activity Mat – Blue -3 Sections

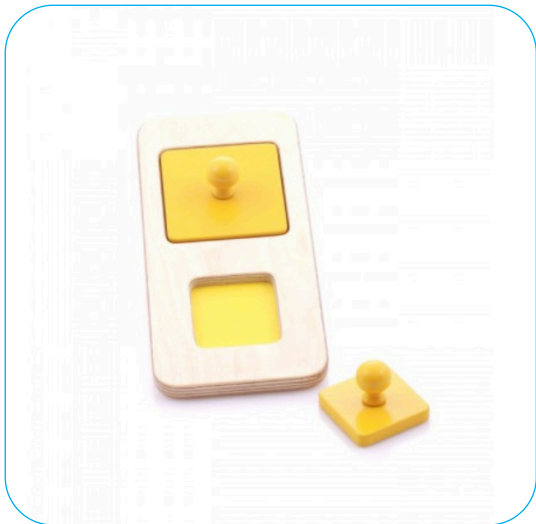

FOL005

Durable, easy to clean PVC filled with high density foam.

180 x 60 x 5 cm

Squares

Two square board for large and small discrimination.

23 x 11 cm

SQU003

Horizontal 3 Screw Activity

Horizontal threads and nuts for sorting and screwing.

HOR001

Triangles

Two triangle board for large and small discrimination.

23 x 11 cm

TRI004

Nut and Bolt Blocks - 2

NUT003

Encourages finger activity and manual dexterity. Supports colour matching and fine motor skills.

Wooden Base 15 x 7 x 3.5 cm
Bolt size 10 x 4 cm

Recordable Talking Briefcase

Features six customisable, recordable buttons with 60 seconds playback each. Perfect for visual timetables, EAL, phonics, and story-sequencing.

32 x 26 x 3 cm

REC003

Fan - Behaviour

FAN006

Use with children who have communication difficulties, have English as a second language or who are just learning to talk.

12.5 x 4.5 cm

Fan – Emotion Faces

FAN005

This fan is designed to support children who respond well to visual structure. Help children to identify how they feel and how others may be feeling.

12.5 x 4.5 cm

Fan - Emotions and Expressions

FAN016

This Emotions and Expressions visual communication symbols fan helps individuals to tell you how they are feeling by grading their emotions.

12.5 x 4.5 cm

Fan – Everyday Instructions

FAN007

This fan is designed to support children who respond well to visual structure. Use the symbols to help the child know what is going to happen next i.e. time to put away the toys or wash hands.

12.5 x 4.5 cm

Fan – Helpful Instructions

Use a visual symbol to support children's understanding of helpful instructions that are used in school every day.

12.5 x 4.5 cm

FAN020

Fan – I Feel Expressions

FAN011

This fan is designed to support children who respond well to visual structure. Use the symbols to help the child know how they feel.

12.5 x 4.5 cm

Fan – I Hurt

FAN015

This fan provides a very simple tool to help identify both where it hurts and how much it hurts by using the colour and facial expression gradient petal.

12.5 x 4.5 cm

Fan – Time to Go Out

FAN008

This 10 petal fan uses visual symbols to help the transition of journeys walking, by car or on the bus. Use on general outings or every time you go out.

12.5 x 4.5 cm

Fan – Let's Play

FAN009

This fan is designed to support children who respond well to visual structure. Use the symbols to help the child know what is going to happen next.

12.5 x 4.5 cm

Fan – Positive Praise

FAN026

The Positive Praise fan helps to reinforce positive behaviour and helps the child to feel good about themselves.

12.5 x 4.5 cm

Fan – Staying Safe

FAN029

10 petals each with key messages to support children and young people to understand the key rules of keeping themselves safe.

12.5 x 4.5 cm

Fan – Positive Social Rules

FAN025

Use this fan to provide a visual clue to tell the child what you would like them to do in relation to social rules and instruction in a positive way.

12.5 x 4.5 cm

Fan – What Can I do when I feel angry

FAN031

Help children to find alternative behaviour which is a safe and acceptable way to display their innermost feelings.

12.5 x 4.5 cm

Fan – Traffic Lights - Think

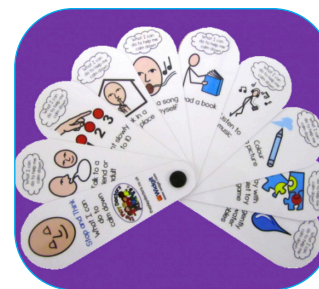

FAN017

The child uses the fan to show you how they feel. You then react as needed to try and get them from orange to green or red to orange and then to green and so on.

12.5 x 4.5 cm

FAN – What Can I do to calm down

FAN030

Support children to find alternative behaviour that may help them to feel better and calmer.

12.5 x 4.5 cm

Sens '0' Roll – Orange

Designed to improve balance, gross motor skills and core strength, can also be beneficial for those with attention or movement needs.

55 x 90 cm

SEN001

Vibrating Massage Tube Orange Ridged

This flexible shaped massager will bend to the required shape necessary and provide gentle resonations to aid relaxation, create stimulation or help relieve muscle pain.

123 cm

VIB006

Senseez Sensory Pillow – Blue Square

The vibrating cushions can calm kids who need more sensory feedback or help train hypersensitive kids to tolerate more sensations.

10 x 10 x 3 in

SEN068

Mud Balls – Set of 3

MUD001

Use as a fidget, a finger strengthener or for an abundance of communication opportunities describing similarities and differences.

10 cm

Aku Ring

AKU001

The Aku Ring is a tough, tactile and flexible ring. It is manufactured with bumps, which transmit a pleasant sensory impulse.

7 in

Easy Grip Sensory Ball (12cm) Set of 6

EAS014

This 12cm ball has a bumpy surface for increased tactile awareness.

Gel Bead Sensory Shapes – Set of 8

GEL005

Each squeezable vinyl shape is filled with colourful gel beads that engage kids' senses—perfect for keeping fidgety fingers busy and building fine motor skills.

12.7 x 12.7 cm

Alpine Muffy Black/White Stripe

ALP018

Especially designed for the ears of small children. Can be used in various noisy situations, or for focused learning.

Recommended for children above the age of 2.

Soothing Sounds Dial

SOO002

Offers a choice of twelve realistic nature sounds and ambient compositions. Any of the sounds helps to relieve stress and ease insomnia, while the nature sounds offer respite from the effects of tinnitus.

Requires 4 x AA batteries (Not included)
6 x 16 x 5 cm

Sometimes noise is big

SOM005

This book shows situations which can be overwhelming and the ways that somebody with autism might react when there is too much going on.

Suitable for ages 5+.
Hardback 40 pages

Ear Defender

Blue - EAR013

Red - EAR014

Use them to protect your child's hearing or to help settle them when disturbed by a noisy environment.

17 x 13 cm

Soundtracks – Animal Sounds

SOU012

Children will love listening to recordings of animal sounds and matching them to the photographs on their game boards. Contents: CD, 4 game boards, 40 counters, guide

For 1-4 Players

Soundtracks

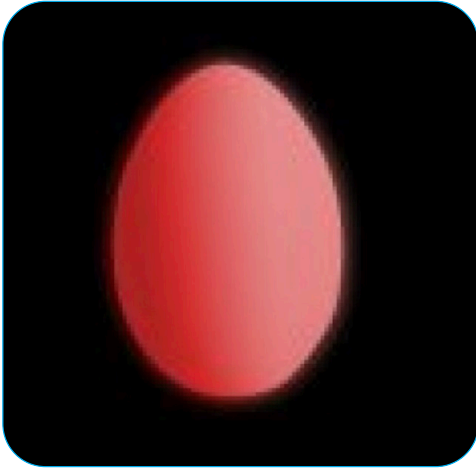

SOU010

Encourages children's matching skills and critical thinking. Each player matches the everyday sounds to the photographs on each game board.

Contents: CD, 4 game boards with 36 everyday sounds, 40 counters; For 1-4 Players

Colour Changing Egg

Ambience mood lighting
– calming and relaxing.

Do not use near water.
Only charge with Adaptor provided

In the box:
Mood Lamp - Remote Control - Mains Adaptor

21 x 21 x 29 cm

COL068

Glitter Storm - Set of 3 Tubes – 14cm

Turn them over to observe the sensory glitter storm.

Supports the following areas of learning:

Personal Development - sensory
Understanding the World - colour
Communication and Language - descriptive language

14 x 5 cm

GLI007

Pop Up Sensory Den Space Black

A calming, safe sensory space for children to relax, unwind or explore. Alternatively use with lighted objects and UV equipment for sensory exploration.

Easily accessible by wheelchair users due to its wide entry and flush to the floor frame.
142 x 142 x 142 cm

POP031

Squidgly Sparkle Fidgets

SQU015

Perfect size for little hands and to be used discreetly.

Set of 5 circular discs made from vac-formed plastic filled with a sparkling liquid.

8 cm

Lavadome

Watch the jelly type liquid slowly gliding down.

Sometimes a bubble will form.

20 x 8 cm

LAV001

Magic Wand – colour Twist

The rhythmic flow and colourful motion of the glitter pieces as they swirl and sparkle along the wand is lovely and mesmerising. Great resource for tracking and focus skills, and will fascinate children and adults alike.

32 cm

MAG057

Liquid Timer with Spinning Wheels

Rhythmic motion can be so calming and soothing to watch. Once the multi-coloured drops have all reached the bottom, simply turn it over and re-start the action.

3 x 1.2 x 5.2 in

LIQ008

Sensory Liquid Floor Tiles – Set of 4

SEN067

A wonderful visual and tactile experience that really does encourage you to move around and explore the surfaces.

Each tile measures 30 x 30 cm
Set of four different coloured tiles

Mystery Sensory Balls

A set of 6 reflective mirror balls that look identical but all have individual characteristics.

Some wobble when rolled, or turn and won't roll in a straight line, and others make different shaker or rattle sounds.

10 cm

MYS003

Original Giant Snap Beads

These 12 colourful and textured beads snap together and break apart easily, and their lumpy, bumpy surfaces provide an easy, sensory grip for little hands to hold.

Helps baby to develop fine motor skills and hand-eye coordination.

Pack of 12 Original Snap Beads.
Each bead measures 8 x 5 cm

ORI001

Fine Motor Skills – Cutting

Essential Scissor Kit

The kit contains 7 scissors including left hand versions where appropriate. Guidance notes are also included.

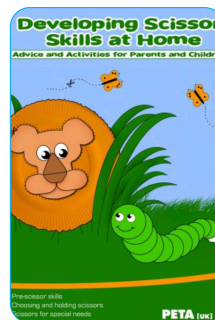

Contains:

MEG-1	Mini Easi-Grip® scissors
PEG-1	Easi-Grip® scissors
PEG-1/L	Easi-Grip® scissors (Left Hand)
PR-1/SO	Self-Opening scissors
PL-1/SO	Self-Opening scissors (Left Hand)
PTR-1	Dual Control Teaching scissors
PTL-1	Dual Control Teaching scissors (Left Hand)

Use under adult supervision always

PET011

Developing Scissor Skills At Home

Devised for parents. The first section gives a step by step guide to developing scissor skills and guidance on scissors for a range of special needs. The second section contains lots of illustrated activities to make practising fun.

DEV005

Twist and Turn Puzzle

TWI019

Provides early learners with an introduction to different shapes, colours and textures. Helps to develop dexterity and concentration.

TecnoWood Animals

TEC003

Your favourite animals can be put together in many different ways, using sturdy nuts and bolts made of resistant plastic.

Content:

2 wooden planks with 2 animals; 20 screws, bolts and washers

Fantacolour - Junior

FAN001

A first mosaic activity, with 48 large pegs and 8 double sided pattern cards.

Set includes 1 transparent board, 16 pattern cards, 1 carry-case and 48 buttons (1.26" in diameter) in 4 colours.

Pegboard

PEG001

A timeless arrangement game which amused generations of children: by inserting the pegs in the tablet children freely express their creativeness and they train the eye-hand coordination.

1 pegboard (28 x 20 cm); 270 pegs in 10 mm and in 5 different colours

Pegs – Miniland

PEG019

Allows for the development of the visual-motor co-ordination, creativity, spatial orientation and the discrimination of colours. Promotes critical thinking and the learning of numbers, letters, shapes and colours, designing countless multi-colour mosaics from geometric patterns, landscapes, natural surroundings and animals.

Giant Peg Board Set

GIA020

36 stackable giant pegs in 6 bright colours, 3 shapes, with 21cm square foam base board and 3 laces.

Ideal for developing fine motor skills, counting, sorting and patterning.

Peg Board – Mixed Sizes

PEG006

This pegboard contains 300 pegs split between 10, 15, and 20mm pegs.

Peg Domino

PEG017

This game is a perfect way to improve the ability to arrange visual stimuli in a sequence, plan and anticipate moves, identify and match colours, and develop fine motor skills.

For 2 - 4 players

Jumbo Tweezer

JUM011

Encourages fine motor skills.

15 cm

Wooden Threading Fruits (Pack of 24)

Threading fruits promoting hand-eye and sequencing skills. Excellent too for sorting, matching, sequencing, and to promote discussions about healthy eating.

Lace 1.3m. Fruit approx. 6 cm

WOO040

Wooden Lacing Farm Animals

Develop hand-eye coordination, fine motor skills and attention skills with this great activity.

Contains five sturdy, double-sided wooden lacing panels, plus five colour-coordinated laces.

WOO022

Lacing Blocks - Safari

The action of lacing is strongly linked to writing and is perfect for developing fine motor skills and pre-writing skills. Also, counting the beads, sorting them and creating patterns, develops mathematical skills.

Includes 12 blocks and 1 lace
(Average height of blocks 6 cm)

LAC014

Lacing Blocks - Transport

LAC015

Stringing helps young children develop fine motor skills and the beads help promote sequencing and counting skills.

Each set includes 12 wooden blocks and one lace;
Each wooden piece measures approx. 6 cm

Peekaboo Lock Boxes

Strengthens problem-solving, fine-motor skills and develops finger dexterity. This set of six wooden lock boxes is ideal for learning shape, colour, and spatial relationships.

PEE003

Owl Kingdom

OWL001

The board contains coloured balls which are moved across the maze under the clear plastic cover using 'pencils'.

Good for eye hand co-ordination and pre-handwriting skills.

Magneti'book Animals

MAG068

Magnetic educational game in cardboard on the animals theme.

Composed of 30 magnets and 10 cards.

Bead Sequence - Wooden Set

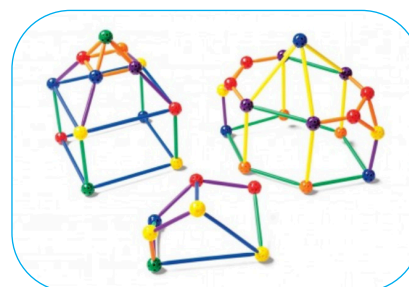

BEA054

An excellent resource for the development of fine motor control, recognising and arranging shapes and patterns and for logical thinking.

Box Size: 335 x 330 x 40 mm, Bead Size: approx 2 cm

Construction Set

CON020

Construction set consisting of 80 blue, yellow and red marbles and 250 straws.

Build and Spin Ocean Wonders

This set encourages creativity and allows children to explore cause and effect. Hands-on construction and colourful pals provide a fun way to build fine motor skills.

Board measures 11 x 9 in

BUI005

Fantacolour Baby

Fantacolor Baby is a fun educational baby toy that stimulates creativity, hand-eye coordination, and colour perception while gradually developing fine motor skills and manual dexterity.

FAN002

Hoot the Fine Motor Owl

Hoot is here to help kids prepare for preschool success with four fun activities. Cuter than your average developmental toys, this fine motor skills owl is designed to build and strengthen the different areas of hand strength and coordination included in school readiness checklists.

15.5 x 17 cm

HOO003

Daisy Maxi

GEO008

The different shapes and colours, together with the rattle peg included are designed to develop and strengthen visual perception skills, eye hand coordination and fine motor skills, including the pincer grasp (thumb and index finger) so crucial to fine motor development and control.

13.2 x 3 x 11.2 in

Connects - Baby

Baby Connects help the development of fine motor skills, hand-eye coordination and spatial awareness.

CON008

Better Builders Grippies - 20 Piece Set

BET006

The first STEM building toy system for toddlers, Grippies™ Builders combines tactile exploration, magnetic play and an introduction to the basic principles of engineering and geometry.

9 x 9 x 14 in

My First Farm Animals - SmartMax

MYF008

Offering an early, safe, and fun introduction to magnets.

Easily to build and play with, the animals simply click on the bars, making them ideal for little hands.

Pop Up Toy

POP003

Designed to encourage hand/eye coordination, finger isolation and introduce colour awareness.

11.5 cm x 15 cm

Pop-Up Teddies

POP020

This product helps children develop the following areas: Shape recall; Dexterity; Colour recognition; Touching and gripping; Hand eye coordination; Problem solving; Reasoning, judgement and understanding

25.2 x 12.2 x 7.4 in

Two Bulb Tracker - Medium (Green)

TWO003

This bulb tracker is the intermediate level.

One yellow ball is mixed in with the coloured balls and the objective is to manipulate the yellow ball from one bulb chamber to the other.

6 x 2.75 in

T Rex Popper

TRE005

Grab the Dino by the mid-section and give him a firm squeeze. That sudden burst of air pressure shoots out a soft foam ball up to 20 feet.

65.5 in

Sloped / Slanted Writing Board - Yellow

SLO006

Sloped surfaces are easier to write on and can provide assistance to children who have difficulty with handwriting.

34.5 x 40 x 10 cm

Pencil Grip - Sample Set (Set of 17 Plastic Tub)

PEN014

This sample set includes one of each:

- ARK's Butter Grip
- Egg Pencil Grip
- Pencil Grip
- Pencil Grip - Air Grip
- Pencil Grip - Comfy
- Pencil Grip - Cross Guard
- Pencil Grip - Grippy
- Pencil Grip - Grotto Grip
- Pencil Grip - Pinch
- Pencil Grip - Solo
- Pencil Grip - Tri Go
- Pencil Grip - Bumpy Neon
- Pencil Grip - Groovy
- Pencil Grip - Writing Claw (Large)
- Pencil Grip - Writing Claw (Medium)
- Pencil Grip - Writing Claw (Small)

Stored in a clear plastic container with clip on lid

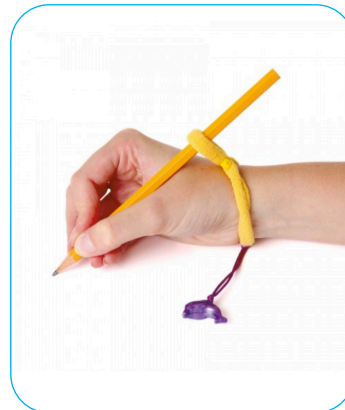

Letter Construction Activity Set

LET010

Encourage early letter recognition as children build the alphabet with this colourful literacy activity set.

HandiWriter Dolphin

HAN027

Recommended for use with children of any age who have not acquired appropriate grasp patterns, the HandiWriter is designed to maintain the correct positioning and holding of a pen or pencil.

Suitable for use with any pencil grip.

Movin' Sit Cushion

This cushion helps to satisfy a sensory need for movement. Particularly beneficial for those with poor body awareness and low muscle tone.

35 x 35 cm

MOV001

Movin' Sit Cushion Junior

This cushion helps to satisfy a sensory need for movement. Particularly beneficial for those with poor body awareness and low muscle tone.

26 x 26 cm

MOV002

OneLeg Chair SET

ONE011 - 32 cm One Leg Chair

Suitable for 3 to 8 years of age.

Included are 1x lime green OneLeg 32 cm Chair, 1 x black anti slip base and 1 black silicone seat cover.

32 cm

ONE015 - 40 cm One Leg Chair

Suitable for 8 to 11 years of age.

It Takes Two To Talk - Guidebook

This guidebook shows parents how to help their child communicate and learn language during everyday activities like mealtime, bath time, playtime and book reading.

ITT001

More Than Words - Guidebook - 2nd Edition

Presented in a user friendly format, the book uses research-based strategies to parents how to turn everyday activities with their child into opportunities for interaction and communication.

MOR006

Other Resources: Social Skills

Time to Talk Game

This board game teaches and develops essential language and social skills to pupils aged 4-7.

Contains game board, 96 question cards, Ginger Bear toy, 4 Ginger Bear jigsaws, 4 playing pieces, dice and teacher's notes.

TIM011

Socially Speaking Game

Teaches and reinforces important social interactions as well as improving self-esteem, listening skills, receptive and expressive language and problem solving.

SOC006

Before and After Game

BEF001

The “before-during-after” association develops an internal mental process that enables the child to establish a sequential relationship in time and discover the logical and temporal order in which things happen.

Colorcards - Adjectives

COL001

Designed to help develop comprehension and expression of adjectives. The cards assist with building pre-language concepts, practising the use of newly-learned skills, developing verbal comprehension and extending vocabulary.

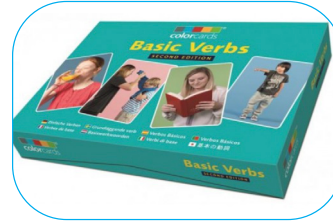

Colorcards - Categories

COL004

Depicts 24 everyday themes from animals and plants to clothes and household objects, and has been designed as a vocabulary intervention with a variety of activities.

Colorcards - Basic Verbs

COL003

48 professionally-photographed cards illustrate frequently used verbs in simple settings. Each card can be used independently or grouped with others for use to encourage discussion and consideration about the topic depicted.

Colorcards - Cause and Effect

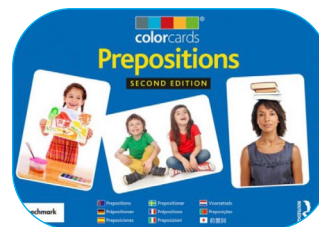

COL005

Designed to help develop logical and critical thinking skills, this set will also help with verbal reasoning as well as encourage the use and practice of questioning.

Contains 24 sequenced pairs that illustrate how ‘one thing leads to another’.

Colorcards - Prepositions

COL014

This is a set of 48 cards arranged in eight sets of six cards. Each set represents a single preposition photographed six times in different contexts.

The prepositions illustrated teach awareness of space, position and movement.

Colorcards - Verb Tenses

COL016

Visually describing twenty different verbs, including ten regular verbs and ten irregular verbs, as well as an equal split between verbs in the singular and plural.

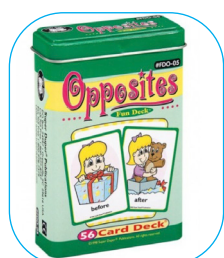

Fun Deck - Let's Predict

FUN033

It's time to look into the future and talk about what will happen... after the little girl swings at the baseball... when the little boy digs a hole... once the elephant stands on the small stool.

Fun Deck - Opposites

FUN044

Contains 56 colourful, fun-filled cards that will motivate children to develop their opposite relationship skills.

Fun Deck - Is and Are

FUN063

Each of the 26 match-up pairs has a singular "is" card and a matching plural "are" card.

Fox in the Box Positional Words Activity Set

FOX001

Engage early learners with this interactive activity set as they follow activities to develop an awareness of different positions and corresponding vocabulary.

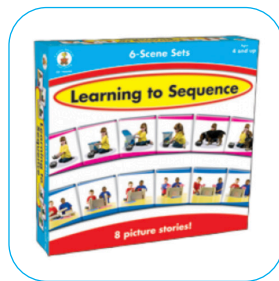

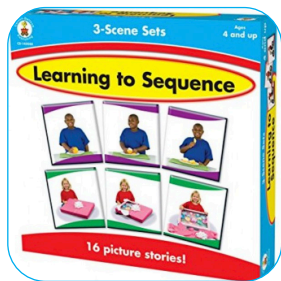

Fun Deck - Practising Pragmatics

FUN069

This deck will help children improve a wide range of essential skills—politeness, problem solving, expressing feelings, giving information, asking questions, telephone manners, and staying on topic.

Learning To Sequence

LEA026 - 3 Scene Set

LEA027 - 4 Scene Set

LEA028 - 6 Scene Set

Children will eagerly assemble the pieces of these picture stories to determine what happens next.

For added fun, have children narrate the story from each scene. Each set includes 48 photographic cards.

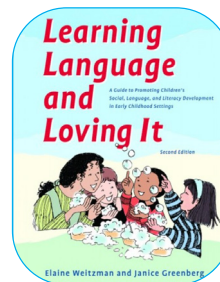

Maxi Sequences - Daily Habits

MAX007

A Set of five very simple sequences of four steps each with large-format photos that allow children to learn about the basic daily habits of hygiene, independence and assisting in household chores.

Learning Language and Loving It - Guidebook

LEA013

A comprehensive guide to creating an enriched and inclusive environment that encourages the social, language and literacy development of pre-school children in child care settings.

Guess What They're Thinking

GUE004

Helps to improve social skills, communication and empathy. Includes 54 photographs and 22 dialogue balloons to express what the characters are thinking.
